

Fraction Names

Family Note

In today's lesson your child used pattern blocks to divide shapes and then used fraction words to name the equal parts. As you work through the activity below, guide your child to use names from the Fraction Names Word Box. Discuss the names of the parts of each shape.

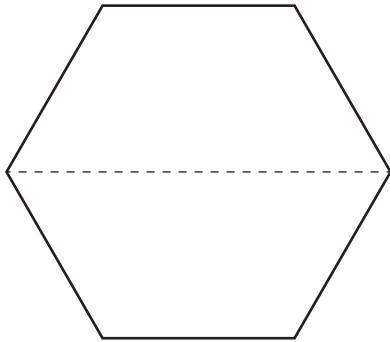

Please return this Home Link to School tomorrow.

Fraction Names Word Box

 MRB
132-133

Names for 1 Part	Names for All of the Parts
one-half, 1-half, 1 out of 2 equal parts	two-halves, 2-halves, 2 out of 2 equal parts, whole
